DIRECTIONS FOR USE AND SAFETY INFORMATION

There is NO need to remove the filter bag from holder / frame to clean.

The filter bag you have purchased is designed to solve operating problems of paper filters and to reduce the costs of filtering all of the leading fryers with built in filter machines. MirOil filter bags also enhance the performance of all portable filter machines.

- ✓ **Better**
Captures micron size particles
Does not leach chemicals into oil
- ✓ **Faster**
Much more filter area for oil flow
- ✓ **Easier**
Crumb is removed with filter
No cleaning of basin required

Superior filter performance:

- Micron-size pores capture smallest particles.
- More open filter area provides faster oil flow because filter surfaces do not blind or plug with most heavy crumb loads.
- It is fast and easy to empty heavy crumb loads after each fryer when required.
- The filter bag has a 6 month limited warranty described on the back of this sheet.

Featuring:

- Sizes to fit into fryer filter basins of all fryers and portable filter machines.
- Cleans in second under hot water spray.
- Eliminates need to clean filter basins.
- Improves the filter performance of any filter machine.
